### Equal Opportunities

The College is committed to providing equal opportunities for all people who study here. So that we can meet the needs of all learner groups and ensure that they have equal access to education at this College, we need to know how many learners from different ethnic groups, gender and specific disabilities are using the College each year. The categories are those provided by the Skills Funding Agency and will be used statistically to indicate total students in various groups.

The information is confidential, subject to the Data Protection Act (1998) and, therefore individuals will not be identified. Ethnic origin does not refer to your country or place of birth (nor that of your parents), it relates to the ethnic group you perceive yourself to be.
